Conservation Board meeting attendance and participation provisions during this public health emergency:

The Jones County Conservation Board plan to continue to meet monthly electronically. The County is providing alternate opportunities detailed below for remote participation via the internet, and various telephone options.

Due to the COVID-19 public health emergency, and to abide by health, safety, and social distancing guidelines, the public will not be permitted to be physically present at the meeting. Remote participation options are available and further described elsewhere on this agenda. All county staff who will be physically present at the meeting must go through a health screening survey at the entrance of the Nature Center.

Remote participation is available via telephone and the internet using the information at the bottom, or second page, of this agenda. Various telephone numbers are listed in that information for audio only access.

Given the current public health emergency declared by the Governor, with respect to COVID-19, it is the position of the Board of Supervisors that their weekly meeting may occur electronically, as authorized under Iowa Code Section 21.8, as it is impossible or impractical to have the meeting in person and fully open to the public. The Jones County Conservation Department is following the Board of Supervisor’s lead and following these same guidelines.
